Why PG Owners Will Pay

Most PG owners struggle with:

- Poor quality photos
- No professional videos
- Low visibility online
- Dependence on brokers
- High customer acquisition costs

NXTSFT solves these by providing:

- Professional content creation
- Better online visibility
- Qualified leads
- Direct customer enquiries
- Long-term digital presence

Your USP

"We don't just list your PG. We professionally showcase it, market it across digital channels, and bring qualified leads directly to you."

This model gives NXTSFT **two independent revenue streams**:

1. **B2C**: Users purchase credits to unlock contact details.
2. **B2B**: PG owners pay for onboarding, professional media creation, and marketing services.

It's a scalable model because every new PG owner not only becomes a listing but also a paying client for your media and marketing services.

NXTSFT – Home Interiors

NXTSFT enables homeowners to discover trusted interior design companies based on their location, portfolio, and expertise, while helping interior designers generate qualified leads.

For Users

Users can:

- Search interior designers by city or locality.
 - Filter by budget, home type, ratings, and services.
 - Browse completed projects through photos and portfolios.
 - View company details and services offered.
 - Reveal the designer's contact details using credits.
 - Contact the designer directly.
-

For Interior Design Companies

Interior designers can subscribe to be listed on NXTSFT.

Monthly Listing Plan

₹400–₹1,000 per month (based on plan and visibility)

The listing includes:

- Company name
- Logo
- Business description
- Mobile number (hidden until unlocked)
- Email address (hidden until unlocked)
- Portfolio images
- Services offered
- Areas served
- Business hours
- Social media links
- Website (if available)

The NXTSFT admin manually verifies and publishes the listing to maintain quality.

Lead Management

Whenever a user spends credits to unlock an interior designer's contact:

- The lead is recorded in the designer's dashboard.
 - The designer can view details such as:
 - Lead date and time
 - Property location (if shared)
 - User name
 - Contact number
 - Email (if available)
 - Designers can follow up directly with interested customers.
-

Revenue Model

B2C Revenue

- Users purchase credit plans starting from ₹99.
- Credits are used to unlock interior designer contact details.

B2B Revenue

- Monthly listing subscription (₹400–₹1,000).
 - Future premium options:
 - Featured listing
 - Homepage placement
 - "Verified Designer" badge
 - Portfolio boost
 - Sponsored listings
-

Why Interior Designers Will Join

Many small and mid-sized interior firms struggle to generate consistent enquiries and rely heavily on referrals or expensive advertising.

NXTSFT offers:

- Qualified customer leads.
- Affordable monthly subscription.
- Portfolio showcase.
- Direct customer enquiries.
- Increased online visibility.
- Performance tracking through lead analytics.

Value Proposition

"NXTSFT helps homeowners discover the right interior designer while helping designers receive genuine, high-intent leads through a transparent, credit-based discovery platform."

This model is attractive because designers pay a predictable monthly subscription, while users only spend credits when they find a designer they're genuinely interested in contacting. That aligns incentives for both sides and creates recurring revenue for NXTSFT.
